

DOLLAR BAR CLUB ATX

Invite-Only Austin Locals Program

Powered by BarGlance

What It Is

Dollar Bar Club is an invite-only program designed to drive new local foot traffic to a curated group of Austin bars. Through a digital pass inside the BarGlance platform, users unlock one exclusive offer at each participating location. This is not a coupon marketplace. Participation is limited by neighborhood to preserve exclusivity and ensure meaningful value for each partner.

What You Receive

- Free in-app listing + featured placement
- Direct exposure to decision-ready local consumers
- Ongoing visibility beyond one-time redemption
- Integrated within BarGlance's real-time nightlife discovery ecosystem

What's Required

Select one offer aligned with your margins and honor it when redeemed. No fees. No ad spend. No contracts. No operational changes. Full control remains with you.

Offer examples: discounted signature drink, complimentary first drink with purchase, mocktail/NA option, or time-based special.

The Value

Short Term- Immediate foot traffic, increased off-peak volume, and new local discovery.

Long Term- Ongoing visibility, repeat customer potential, curated network association.

BarGlance operates on a freemium model, allowing high consumer adoption while keeping participation free for bars.

Dollar Bar Club is intentionally selective, quality over quantity, real traffic over mass listings.
